EXPERIENCE

Business Presentation Specialist | Analytics & Reporting

Feb 2024 - Nov 2025

McKinsey & Company - Chennai

- Delivered an average of 25 executive presentations, KPI dashboards, and analytical reports per week across 10+ client engagements, maintaining high accuracy and a near-zero rework rate for 21 months.
- Analysed operational and financial data across multiple client engagements, identifying performance trends, business gaps and improvement opportunities that supported recommendations to senior stakeholders.
- Collaborated with global consulting teams across strategy, operations, and finance projects, translating business requirements into actionable reports, dashboards and presentations.
- Improved recurring Excel-based reporting processes, reducing manual effort by approximately 40% and enabling faster delivery of business insights.
- Managed requirements and feedback from 5+ stakeholder groups simultaneously, ensuring timely delivery of accurate and business-aligned outputs.
- Developed data-driven presentations and reports by synthesizing quantitative and qualitative information into clear insights for client and leadership discussions.
- Reduced corporate courier expenses by 90% (from INR 100,000 to under INR 10,000) by identifying and implementing an alternative supplier-based logistics solution.
- Recognized for reliability, attention to detail, and consistent delivery quality while supporting high-priority consulting engagements.
